

Anna Jaklova- Athlete Profile

I have been skiing since I was born. My focus has and always will be on skiing. I compete in many other sports such as running and biking, these I do more competitively than others. I participate in many school sports as well but those I do just recreationally. The school sports I do help improve my agility, while the others prepare me for skiing by improving my strength and stamina. My hard work and determination have paid off and brought me to where I am now. In the past year I have overcome many challenges, but I am very proud of where I am now, I couldn't have gotten here without them.
